

CME@KIT | New Master's Program Computational Modeling in Engineering (CME) starting October 2026 | Information Event

Engineering problems today are increasingly shaped by simulation, data, and the need to understand complex systems across multiple scales. CME will make you master them!

We are offering **information sessions** to introduce CME in more detail. Professors will answer all academic questions. Anyone interested is very welcome to join.

02.06.2026

13:00 – 14:00

Local Event at KIT:

Redtenbacher

Lecture Hall

Building 10.91 Room 050

03.06.2026

10:00 – 11:00

Zoom Online Event:
